

Meet federal requirements on electronic personal health records with a complete web-based solution

▶ The HIPAA Security Rule was adopted to implement provisions of the Health Insurance Portability and Accountability Act of 1996 for the protection of electronic protected health information (ePHI). Failure to comply can result in civil and criminal penalties (up to \$250,000 and 10 years imprisonment) for employers who violate the regulations. Avoid expensive compliance hassles with Security services by HIPAAAnswers.™ Solutions range from do-it-yourself to do-it-all-for-me services, including conducting risk analysis, developing policies and training staff.
