

Find peace of mind and protect your employees anywhere in the world with InsuranceToGo

► InsuranceToGo understands that today's increasingly global economy is forcing many employers to rethink the way they approach health insurance and employee benefits. As growing numbers of employers send workers on more frequent trips abroad or place them in long-term expatriate assignments, so grows the need to bring clarity to the often-confusing overseas benefits picture. Employees and their families expect safety, security and access to excellent medical care while outside the U.S. As a leading expert in international benefits, InsuranceToGo is uniquely positioned to help employers provide their international employees with the benefits they deserve.

### InsuranceToGo Benefits

**Eliminate Your Risk:** When workers travel outside U.S. borders, health benefits from most domestic U.S. companies provide only limited emergency coverage, if that. Savvy employers work to overcome these uncertainties by providing vital services for their expatriate workers and business travelers. Secure international benefits can make all the difference in:

- ✓ Providing for a safe, secure stay abroad for employees and their families
- ✓ Attracting and retaining the best employees
- ✓ Ensuring a successful international business trip or overseas assignment

**International Benefits Experts:** Understanding international benefits requires an extensive knowledge of the international insurance market. Because each country's medical system is different, your coverage requirements vary widely based on where your employees work abroad. The situation is similar when you bring overseas employees here to the U.S. With many years of experience in international benefits, InsuranceToGo will provide expert guidance to:

- ✓ Identify your company's current benefit requirements, as well as future needs
- ✓ Perform product comparisons to ensure you receive the right solution at the right price
- ✓ Develop an entry and exit plan for long-term overseas assignments
- ✓ Provide on-going policy support and renewals
